**8th International Conference on Artificial Intelligence and Advanced Manufacturing (AIAM 2026)**

---

2026 3rd China-Europe Scientists Forum & 8th International Conference on Artificial Intelligence and Advanced Manufacturing (AIAM 2026) will be held during October 29-31, 2026 in Frankfurt, Germany. Started from 2019, the AIAM series of conferences has been successfully held 7 times in Dublin, Shanghai, Manchester, Hamburg, Brussels, Frankfurt, Heidelberg, respectively. It has attracted thousands of participants and become a platform with great influence in Chinese and European governments, enterprises, and scientific research institutions.

In 2023, more than 30 renowned academicians, professors and other scientists from China, Germany, France, the Netherlands, Switzerland, Denmark, Italy, Spain, Austria and other countries signed an initiative to organize the "CHINA-EUROPE SCIENTISTS FORUM", which aims to strengthen academic exchanges and co-operation between China and Europe, and to promote the friendship of the people of China and Europe.

As a parallel forum and academic conference of China-Europe Scientists Forum, AIAM 2026 aims to bring together researchers and scientists from artificial intelligence and advanced manufacturing, and researchers from various application areas to discuss problems and solutions in the area, to identify new issues, and to shape future directions for research. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, establish business or research relations, and find global partners for future collaboration.
